COUNTY COLLEGE OF MORRIS

CHALLENGER PROGRAM INFORMATION SESSION

...for high school students and parents

Wednesday, April 17, 2013

7:00pm – 8:00pm

Davidson Conference Room A

Student Community Center

Parking Lots 6 & 7

Join us to learn about the ***Challenger Program*** at CCM and the opportunity it affords high school students to enrich their education through college-level courses. **Over 300 students** participate annually in the program. Benefits include not only expanding one's education but also experiencing the college environment, strengthening candidacy to 4-year institutions, and possibly fulfilling high school graduation requirements. Completed courses may likewise be applied toward college degrees.

If you are unable to attend this session, program information is on the college's website, www.ccm.edu. Go to the Admissions webpage and click on ***Challenger Student.*** There, you will find the procedures and requisite forms, along with the Course Schedule that may be accessed by opening the **Quicklinks** box on the home page. If you have any questions, please contact Kenneth Albiston, LCSW at (973)328-5102.
