Verona Concert Band Rocks State Concert Band Festival!

Over the course of three days/four sites, thirty-two bands (a record high) participated in the North Jersey State Concert Band Festival. **The Verona Concert Band received a Gold Rating, Best Percussion, and Best Brass at the Verona site on Tuesday night.**

Out of the **thirty-bands**, Verona had the **second highest score (96.5)** and, consequently, will play on the evening portion of the New Jersey State Gala Concert at Rutgers University on Sunday, May 4th. **Our current senior class has the distinct honor of being selected to this prestigious concert for four years in row!**

As a side note, Verona is the only ensemble where every ninth through twelfth grade instrumentalist participates in the same group - every other school has tracked or tiered bands where they choose which groups their students will participate in. Our set up is truly singular and pushes the boundaries of the idiom.

Feel free to visit Veronamusic.org for a recording of Tuesday night's concert. And finally, this would never happen without your support - it is truly appreciated!
