## ABOUT OWN THE ROOM

Own The Room is not your usual public speaking training or presentation training course. Our communication skills training workshop experiences take your presentation, public speaking and executive presence to a whole new level. The learning approach is non-traditional, highly interactive and, yes, fun. You'll learn impactful skills you can apply instantly. It's definitely not a lecture!

Own The Room is a global powerhouse with local roots in Montclair, NJ. We're passionate about making a difference in the world. We train Fortune 100 companies, industry leaders, and celebrities. Normally these sessions would cost hundreds of dollars, but we are proud to offer training at no cost during our annual Own The Room - GIVES BACK event. We also use these sessions as annual certification for our highly experienced coaches.

For over a decade, our company founders, Bill & Maria Hoogterp, have called Verona home. In the past, they have used their Own The Room GIVES BACK program to raise funds for H.B. Whitehorne Middle School technology initiatives. Now, as active members of Verona's community soccer programs, they want to assist the Verona High School Boys Soccer Program as they fundraise to start a new freshman team!

Remember, the difference between winning and losing often comes down to which teams know how to communicate among their teammates.
