Good morning colleagues,

The Administrative Team will be conducting monthly walkthrough visits in your classroom throughout the school year. These visits will be unannounced; therefore, it is important that your plans are available daily in your classroom. This will allow us to accurately determine what is being taught during the specific class period.

The only criteria we have for your plans are listed below:

1. Clearly stated Daily Objective(s) and connection to the Standards
2. List of procedures/activities for the lesson (e.g., Warm up, Teacher led PowerPoint, think-pair share, video clip, teacher led discussion, exit card).
3. How do you know if your students have met the objective(s)?

	Transfer Goal	Daily Objective (Marzano Learning Goal)
Definition	The effective use of understanding, knowledge, and skills we seek in the long run.	A specific, measurable and short-term statement that articulates the student-learning outcome of a lesson.
Time period	<u>Unit of study</u>	<u>One class period</u>
Example (Math)	Students will be able to independently use their learning to solve real life situational problems that require applying basic addition.	Students will be able to apply the double plus one strategy when solving simple addition problems.
Example (English)	Students will be able to independently use their learning to develop an argumentative essay that introduces a claim with supporting evidence.	Students will be able to apply the strategy of "re-stating" their thesis statement when beginning a concluding paragraph.

We look forward to visiting your classroom and learning from you throughout the school year!

Walkthrough Classroom Visit Form 2016-17

Please complete each field in this form, send yourself a copy (see below), and then hit "submit". The goal with a walkthrough is to give your teachers immediate feedback (within 24 hours) after visiting their room for five to ten minutes. Thank you for making a difference!

What are SGOs?

SGOs

SGOs are long-term academic goals for groups of students set by teachers in consultation with their supervisors.

When functioning at the highest level, SGOs promote:

- *Reflective and collaborative teaching practices;*
- *Alignment among standards, instruction, and assessment; and*
- *Improvements in student learning.*

SGO Evolution

SGO Implementation Challenges and Evolution of Guidance

Year One

Compliance

Meet regulatory requirements
Learn the process

- Using quality assessments
- Fostering true collaboration
- Setting appropriate targets using better data

Year Two

Quality

Improve assessments
Increase collaboration
Diversify starting point data
Differentiate targets

- Using quality assessments
- Enhancing collaborative opportunities
- Moving beyond compliance

Year Three

Ownership

Improve assessments
Increase collaboration
Increase integration
Increase innovation

Choose two insects that you have observed and compare them.

Level 2: Basic Skills and Concepts

Name a food group.

Level 1: Recall and Reproduction

Create an in-depth character analysis, including textual and historical support for choices and perform said character.

Level 4: Extend Thinking

Identify two examples when a fork would not be the right utensil to use and explain why.

Verona Public Schools Student Growth Objectives

Name		School	
Grade	Course/Subject	Number of Students	Interval of Instruction
		0	

Student Growth Objective
 State simply what percentage of students in each preparedness group will meet what target in the space below, e.g. "X0% of students in each preparedness group will meet the target score by Month 15th, 2015."

1. Starting Points and Preparedness Groupings
 State the type of information being used to determine starting points and summarize scores for each type by group.

Refer to VGO STUDENT DATA Worksheet
 Must include Student Names (or Initials) and data collected (consider ASK scores, IOWA Scores, SAT Scores, COGAT scores, Grades in previous classes, Grades on previous assessments, etc.)

2. Student Grouping and Growth Targets
 Use the table to provide more detail for each group.

Preparedness Group (e.g. Low, Medium, High)	Number of Students in Each Group	Target Score on SGO Assessment
High		
Medium		
Low		

3. Rationale for Student Growth Objective
 a) Name the content standards covered and state the rationale for why these standards are being emphasized.
 b) Name and briefly describe the format of the assessment method.

4. Scoring Plan
 State the projected scores for each group and what percentage of students will meet this target at each attainment level.

Preparedness Group	Students in Group	Student Target Score	Teacher SGO Score Based on Percent of Students Achieving Target Score			
			Exceptional (4)	Full (3)	Partial (2)	Insufficient (1)
High						
Medium						
Low						

5. Approval of Student Growth Objective
 Administrators approve scoring plan and assessment used to measure student learning.

Student Growth Percentiles

Calculating Student Growth Percentiles

All students can show growth.

- Student Growth Percentiles (SGPs) measure how much a student has learned from one year to the next compared to students with a similar performance history from across the state (“academic peers”).

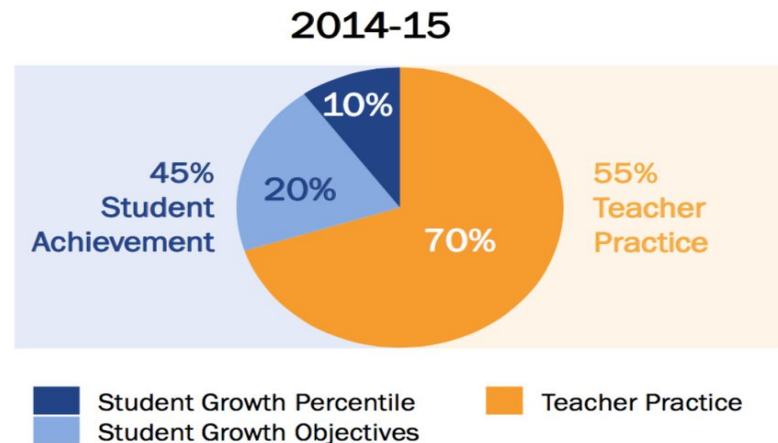

Student Growth Percentiles

mSGP Qualification and Weighting

To receive an mSGP score, teachers must:

1. Teach a 4th–8th grade Language Arts/4th-7th-grade* Math class, and
2. Be the teacher of record for at least 60% of the course prior to the assessment, and
3. Have at least 20 separate students with valid SGP scores who are enrolled in the class for at least 70% of the school year before they take the test.

- About 15-20% of New Jersey teachers will qualify

*SGP will not be calculated for 8th-grade Math for 2014-15.
