

Verona Summer Music

It's Not Too Late!

- We are still receiving email asking if it's okay to sign up for Verona Summer Music
- The answer is, yes you still can
- It's a wonderful way for upcoming 4th graders to get started on a band instrument
- Awesome for this year's 4th graders to help them as they move to up the HBW band program
- Of course HBW and VHS students can continue to progress
- Without the academic requirements of the school year, as well as playing on a daily basis, the progress is greater and the learning is more deeply established
- We teach all concert band instruments, as well as guitar, bass guitar, and piano
- Options include choir, concert band, jazz band, and theory
- Any students that will be going into 4th grade and up can participate in our production of *The Music Man*
- Check our website for lots of info and registration form
- veronasummermusic.org
- Email Mr. Morden if you still have questions
- For those of you already signed up, we have begun the scheduling process and will get those out the last week of school.
- Going to be great fun and we can't wait to see you there!
