Please join us for this special family event!

Native American lecturer Beverly Friend will be at the Library (in full Indian dress) for an interactive presentation on the culture of the Lenape Indians. Learn about their history and daily life while seeing and touching authentic artifacts, crafts and clothing. These artifacts also help to explain the special relationships between the people, animals and the forest preceding contact with the Europeans. Audience participation will be encouraged! Children are welcome to this event.

This program is free and open to the public and is funded by the Horizons Speakers Bureau of the New Jersey Council for the Humanities, a state partner of the National Endowment for the Humanities.
