FOUR-DAY SUMMER EXPERIENCE FOR HIGH SCHOOL STUDENTS WITH MOBILITY DISABILITIES

The College Career Ready Academy is a four-day summer experience for college-bound high school students with mobility disabilities that will ensure they are motivated to perform at the peak of their ability so they will excel in the colleges and careers they choose.

The workshop will be launched by Scott Chesney, one of the top motivational speakers in the world.

Throughout the week, participants will be immersed

in business simulation games, hear from college admissions officials, develop a plan for optimal high school outcomes, and earn credentials that will help build their résumés. For the comfort of our participants, a semi-private, staffed stretching area will be available each day.

Call Donna Custard at 609-789-5274 for more information.
