

Sustainable Verona Composter & Rain Barrel Sale

The Sustainable Verona Green Team is excited to be offering a bulk composter and rain barrel sale. The goal of the program is to conserve water and reduce solid waste by diverting food scraps from the waste stream.

The benefits of compost include improving or maintaining high quality soil, growing healthy plants, reducing the use of fertilizer and pesticides, improving water quality and protecting the environment.

Order at www.essexcompostersale.ecwid.com

The Earth Machine is on sale for \$50.00, half the price found at on-line websites. The System rain collector sells for \$65.00. This is a great deal!
